

My safe companion
inmu® in everyday life
with Autism and ADHD

Like a pet ...

That communicates with
music and vibrations

Reacts to your touch and
movement

Designed to feel natural and
non-stigmatising

Reduce Anxiety and Unease

Alleviates feelings of anxiety through soothing sensory stimulation.

Feel Calm and Secure

Provides comfort similar to cuddling with a pet, enhancing a sense of security.

Create a Shielding Space

Music and vibrations generate a protective and calming environment.

A safe anchor – making shifts and transitions easier to handle.

A unique way to regulate the senses:

Music in your hands

Calms and stimulates the brain through ever-evolving soundscapes

Tactile adventure for the fingers

Fumble, stroke, caress, hug

Vibrations

That resonate deep inside you and makes you relax

Alternative to Screens and Headphones

Improve Social Interaction

Therapeutic use

Improve Motor Skills

Kognitive Stimulation

Brain/body Stimulation

Impulse Control

inmuJOY

Your safe companion when the world is too noisy. Interact with the music and sense an adventure with your body.

inmuRHYTHM

Stimulate your body and mind with rhythms you can feel. Your movements creates the music.

inmu 4-PACK

4 inmus in one box including charging station.

Box options:

- 2 x inmuJOY + 2 x inmuRHYTHM
- 4 x inmuJOY
- 4 x inmuRHYTHM

inmuJOY bag strap

Take sensory stimulation with you wherever you go. The strap allows you to wear the inmuJOY on the body.

The inmu vest

Use for activities, therapeutic and educational applications. When wearing the vest, the vibrations from the inmu are clearly felt in the body. This provides a continuous stimulation that can energise, motivate and regulate arousal.

inmu is also

ROBUST – MADE FOR USE

Can absorb moderate shocks, e.g., being dropped on the floor, sit or stand on it – can take up to 100 KG.

HYGENIC:

- The cover is machine washable at 60°C
- Water repellent
- Can be wiped with a disinfectant tissue

LONG LASTING BATTERY:

Rechargeable battery. Up to three weeks between charging at regular use. Charger included.

MEDICAL DEVICE:

inmu is a medical device class I – compliant with EU MDR 2017/745
